#### Supplemental Changes

##### Biometrics Identifier Implementation

This item provides adjustments to the agency's 2004 supplemental appropriation for implementation of Chapter 273, Laws of 2004, which authorized voluntary collection of biometric identifiers from applicants for driver's licenses and identicards. Adjustments have been made to conform with legislative intent, and include elimination of the use of finger image capture and utilization of one-to-one facial image matching. This item affects the Examining and Licensing Citizens to Operate Motor Vehicles activity. (Highway Safety Fund-State)
